We have a picture of a bus. In which direction is it going in the Czech Republic?

Máme obrázek autobusu. Ve kterém směru jede v České republice?

SOLUTION

Well, we can't see the door which is always on the right side, (because in the Czech Republic we drive on the right side) so the passengers can get in/out. Therefore the bus is going to the left.

ŘEŠENÍ

Nevidíme dveře autobusu, které jsou vždy na pravé straně, (jelikož v Česku jezdíme po pravé straně) aby mohli cestující nastoupit. Proto autobus jede doleva.
